The present report contains the cost estimates of UNAMIR for the withdrawal period from 9 March to 19 April 1996 and for the administrative closing down from 20 April to 30 September 1996. It also includes an additional provision for 72 work/months of civilian staff beyond 30 September 1996.

# I. Introduction

1. The United Nations Assistance Mission for Rwanda (UNAMIR) was established for an initial period of six months by Security Council resolution 872 (1993) of 5 October 1993. By the same resolution, the Security Council approved the proposal that the United Nations Observer Mission Uganda-Rwanda (UNOMUR), established earlier by the Council in its resolution 846 (1993) of 22 June 1993, should be integrated within UNAMIR. By its resolution 928 (1994) of 20 June 1994, the Security Council extended UNOMUR's mandate for a final period until 21 September 1994.

2. UNAMIR's mandate has been revised and extended by the Security Council in subsequent resolutions, the latest of which was resolution 1029 (1995) of 12 December 1995, by which the Council extended the Mission for a final period until 8 March 1996. By the same resolution, the Security Council also requested the Secretary-General to initiate planning for the complete withdrawal of UNAMIR within a period of six weeks after the expiry of its mandate.

3. The General Assembly, in its resolution 50/211 of 23 December 1995, endorsed the observations and recommendations presented orally by the Chairman of the Advisory Committee on Administrative and Budgetary Questions on the report of the Secretary-General on the financing of UNAMIR dated 1 November 1995 (A/50/712), and decided to appropriate to the Special Account for UNAMIR the amount of $32,324,500 gross ($31,828,900 net) for the period from 1 January to 8 March 1996.

4. The Advisory Committee on Administrative and Budgetary Questions, in a letter to the Secretary-General dated 9 February 1996, granted its concurrence, under the terms of General Assembly resolution 49/233 A of 23 December 1994, for the entering into commitments in the amount of $4,735,000 for commercial freight and cartage and transportation of contingent- and United Nations-owned equipment for the initial phase of UNAMIR's withdrawal period after 8 March 1996.

# II. Political mandate

5. In the light of current efforts to restore peace and stability through the voluntary and safe repatriation of Rwandan refugees, the Security Council by its resolution 1029 (1995) adjusted the mandate of UNAMIR for the final period from 1 January to 8 March 1996 so that the Mission would:

   (a) Exercise its good offices to assist in achieving the voluntary and safe repatriation of Rwandan refugees within the frame of reference of the recommendations of the Bujumbura Conference and the Cairo Summit of the Heads of State of the Great Lakes Region, and in promoting genuine national reconciliation;

   (b) Assist the Government of Rwanda in facilitating the voluntary and safe return of refugees and, to this end, support the Government of Rwanda in its ongoing efforts to promote a climate of confidence and trust through the performance of monitoring tasks;

   (c) Assist the United Nations High Commissioner for Refugees and other international agencies in the provision of logistical support for the repatriation of refugees;

   (d) Contribute, with the agreement of the Government of Rwanda, to the protection of the International Tribunal for Rwanda as an interim measure until alternative arrangements agreed with the Government of Rwanda can be put in place.

# III. Humanitarian assistance

## A. Trust Fund for Rwanda

6. As at 31 December 1995, the Trust Fund for Rwanda, established pursuant to Security Council resolution 925 (1994) of 8 June 1994 for the purpose of financing humanitarian relief and rehabilitation programmes in Rwanda, had received total contributions amounting to $7.4 million. Utilization of the contributions is shown in annex XI.

## B. Emergency Response and Humanitarian Assistance Unit

7. Following the closure of the United Nations Rwanda Emergency Office on 31 October 1995, the Emergency Response and Humanitarian Assistance Unit has been established to assist the United Nations Humanitarian Coordinator in providing support to the Government of Rwanda in its efforts to coordinate the delivery of humanitarian and rehabilitation assistance to communes especially affected by the influx of large numbers of returnees. An appeal for a total of $0.6 million was made to cover the operational costs of the unit for the period from 1 January to 31 December 1996. As at 15 February 1996, no contributions had been received.

## C. United Nations consolidated inter-agency appeal for persons affected by the crisis in Rwanda

8. In its resolution 46/182 of 19 December 1991, the General Assembly authorized the Department of Humanitarian Affairs to launch consolidated appeals on behalf of the organizations of the United Nations system. The appeals were to outline a coherent system-wide response to humanitarian emergencies and identify resources needed to carry out related activities.

9. As at 5 February 1996, the international community has made cash contributions and pledges totalling $668.2 million out of the $807.4 million appeal requirements.

## D. Rwanda round-table conference

10. The objective of the Rwanda round-table conference held at Geneva in January 1995 and reviewed at Kigali in July 1995 was to put before the donor community Rwanda's Programme of National Reconciliation and Socio-Economic Rehabilitation and Recovery and to seek financial support for its implementation, aimed at, *inter alia*, the integration of the ongoing humanitarian assistance into economic rehabilitation and creation and maintenance of conditions conducive to attracting refugees back to their homes. At the request of the Government of Rwanda, the United Nations Development Programme (UNDP) assisted in the organization of the Rwanda round-table conference.

11. As indicated in the fourth regular UNDP report on the Rwanda round-table activities, dated 31 December 1995, donors' pledges amounted to over $1.2 billion and disbursements have reached some $0.4 billion, equivalent to 69 per cent of pledges recorded in January 1995, compared with the 43 per cent disbursements reported in September 1995. The accelerated rate of disbursement has ensured that rehabilitation activities are fully on track and have already started yielding positive results.

12. The 1996 Rwanda round-table conference is scheduled for early May 1996. It will review the progress of the Rwanda reconstruction programme and assess the need for further support from the international community.

# IV. Withdrawal plan and requirements

13. The strength of UNAMIR military contingents as at 8 March 1996 is projected at 1,226 military personnel, 24 staff officers and 145 military observers, supported by 161 international and 161 local staff and 56 United Nations Volunteers. The withdrawal plan of UNAMIR for the period from 9 March to 19 April 1996 established pursuant to Security Council resolution 1029 (1995) has been established to support the withdrawal of military contingents and the repatriation of military observers, the schedule of which is shown in annex V.

14. The continuing presence of the international civilian personnel and local staff in the mission area during the withdrawal period is required to provide uninterrupted administrative support to the contingents and to ensure the recovery, collection, disposal and shipment of the United Nations-owned and leased assets, hand-over of rented premises, and settlement of commercial contracts and agreements with the local vendors.

15. The Mission's staffing requirements for the administrative closing down period after 19 April 1996 take into account lessons learned from the liquidation of the United Nations Transitional Authority in Cambodia (UNTAC), the United Nations Operation in Somalia (UNOSOM II) and the United Nations Operation in Mozambique (ONUMOZ). Experience gained in those missions indicates that, given the complexity of the logistical, contractual and financial issues involved, sufficient time and staff resources should be provided for the *in situ* completion of all such administrative liquidation tasks, as this reduces the number of unresolved residual matters that have to be dealt with at Headquarters after the liquidation team has been disbanded. Accordingly, provision is made for the establishment of a temporary UNAMIR administrative office at Nairobi with a limited number of international civilian staff for the period from 20 April to 30 September 1996, as well as for an additional 72 work/months of civilian staff beyond 30 September 1996.

# V. Financial administration

## A. Financial period

16. From the inception of the Mission, the accounts of UNAMIR have been kept by mandate period. Owing to the expiration of the Mission's final mandate on 8 March 1996, and its liquidation within six weeks thereafter, prior to the implementation of the new 12-month financial period commencing 1 July 1996 approved by the General Assembly in section I of its resolution 49/233 A, recording of allotments and expenditures in the Mission's accounts will continue to be done by mandate period.

## B. Resources made available and operating costs from inception to 8 March 1996

17. Annex XII indicates total resources of $498.5 million gross provided to UNOMUR (from 22 June to 21 December 1993) and UNAMIR (from 5 October 1993 to 19 April 1996), consisting of $3.6 million gross appropriated for UNOMUR and $494.9 million gross made available for UNAMIR.[1] The amounts shown include estimated net expenditures of $439.7 million, credits returned to Member States of $27.7 million gross, inclusive of $10.5 million applied to the International Tribunal for Rwanda in accordance with General Assembly resolutions 49/251 and 50/213, and voluntary contributions in kind of

[1] By 22 December 1993, UNOMUR had been integrated administratively within UNAMIR and costs related to the operation of UNOMUR have been reflected in the Secretary-General's financial reports for UNAMIR since that date.

$5.9 million. The total unencumbered balance for the period ending 19 April 1996 amounts to $23.9 million gross.

18. There are currently unencumbered balances of $20.7 million gross from the period from 10 December 1994 to 9 June 1995, $2.9 million gross representing the balance of assessment already made in accordance with General Assembly resolution 49/20 B for the period from 10 June to 8 December 1995 and the revised cost estimate for the period from 10 June to 31 December 1995, and $6.8 million gross representing the balance of credits from the period from 5 April to 9 December 1994 after the transfer of $10.5 million gross to the special account of the International Tribunal for Rwanda. Detailed information is presented in annex XII.

## C. Status of assessed contributions

19. Amounts totalling $471.4 million in respect of UNOMUR and UNAMIR have been assessed on Member States for the period from 22 June 1993 to 8 March 1996. Contributions received as at 15 February 1996 for that period amounted to $387.0 million, resulting in a shortfall of $84.4 million. Pursuant to General Assembly resolution 50/83 of 15 December 1995, outstanding assessments were reduced by an amount of $0.3 million.

## D. Voluntary contributions and trust funds

20. The General Assembly, in its resolution 49/20 B, invited Member States to make voluntary contributions to UNAMIR in cash and in the form of services and supplies acceptable to the Secretary-General. No voluntary contributions were received during the period under review. Previously received voluntary contributions amounted to $0.5 million in cash and $5.9 million in kind (see A/50/712).

21. No trust funds have been established in support of UNAMIR. Trust funds established in support of humanitarian activities in Rwanda are administered by the Department of Humanitarian Affairs. Information pertaining to trust funds is contained in section III above and annex XI.

## E. Application of article IV of the Financial Regulations of the United Nations

22. In a report to the General Assembly at its thirty-third session on the United Nations Emergency Force/United Nations Disengagement Observer Force (UNEF/UNDOF) (A/C.5/33/45), the Secretary-General had indicated, *inter alia*, that the amounts owed to troop-contributing Governments could not be paid in the time-frame envisaged under financial regulations 4.3 and 4.4. That situation continues to be experienced in some peace-keeping operations. Consequently, over the years the Assembly has adopted special arrangements whereby appropriations required in respect of obligations owed to Governments providing contingents and/or logistic support to a mission have been retained beyond the period stipulated under financial regulations 4.3 and 4.4.

23. In the case of UNAMIR and, as in the cases of UNEF/UNDOF, the United Nations Interim Force in Lebanon (UNIFIL), the United Nations Iran-Iraq Military Observer Group (UNIIMOG), the United Nations Iraq-Kuwait Observation Mission (UNIKOM), the United Nations Angola Verification Mission (UNAVEM), the United Nations Protection Force (UNPROFOR), the United Nations Mission for the Referendum in Western Sahara (MINURSO), the United Nations Observer Mission in Georgia (UNOMIG) and the United Nations Observer Mission in Liberia (UNOMIL), there are currently certain amounts obligated for death and disability compensation, and for the reimbursement to Governments for contingent-owned equipment and goods and services provided under letter of assist arrangements that will be required for the settlement of claims not yet received from Governments. The accounts of UNAMIR

have been maintained since its inception for the separate periods for which expenditures have been provided.

24. Accordingly, it is proposed that special arrangements with regard to the application of article IV of the Financial Regulations similar to those contained in the annex to General Assembly resolution 50/210 of 23 December 1995 related to UNOMIL be applied to UNAMIR as follows:

(a) At the end of the 12-month period provided for in financial regulation 4.3, any unliquidated obligations of the financial period in question relating to goods supplied and services rendered by Governments for which claims have been received or which are covered by established reimbursement rates shall be transferred to accounts payable; such accounts payable shall remain recorded in the Special Account until payment is effected;

(b) (i) Any other unliquidated obligations of the financial period in question owed to Governments for goods supplied and services rendered, as well as other obligations owed to Governments, for which required claims have not yet been received shall remain valid for an additional period of four years following the end of the 12-month period provided for in financial regulation 4.3;

(ii) Claims received during this four-year period shall be treated as provided under (a) above, if appropriate;

(iii) At the end of the additional four-year period any unliquidated obligations shall be cancelled and the then remaining balance of any appropriations retained therefor shall be surrendered.

## VI. Status of reimbursement to troop-contributing Governments

25. Full reimbursement in accordance with the standard rates established by the General Assembly for troop costs has been made through 31 July 1995. It is estimated that an amount of $14.3 million is due for troop costs for the period ending 29 February 1996.

26. As at 29 February 1996, military contingent personnel were provided to UNAMIR by Ghana, India, Malawi, Nigeria, Senegal and Zambia.

## VII. Signature of the status-of-mission agreement

27. As at 29 February 1996, the status-of-mission agreement, signed between the United Nations and the Government of Rwanda on 5 November 1993, continued to be in force.

## VIII. Cost estimates for the period from 9 March to 19 April 1996

28. As shown in annex I, column 2, the cost estimates for the withdrawal period of UNAMIR from 9 March to 19 April 1996 amount to $19,745,000 gross ($19,462,700 net). Supplementary information on the cost estimates is presented in annex II.

## IX. Cost estimates for the period from 20 April to 30 September 1996 and thereafter

29. As shown in annex I, column 10, the cost estimates for the administrative closing down of UNAMIR from 20 April to 30 September 1996, inclusive of 72 work/months of civilian staff beyond 30 September 1996, amount to $4,582,300 gross ($4,102,000 net). Supplementary information on the cost estimates is presented in annex III.

## X. Preliminary report on the disposition of the assets of the United Nations Assistance Mission for Rwanda

30. A preliminary report on the disposition of the assets of the Mission will be issued at a later date as an addendum to the main report on the financing of UNAMIR.

## XI. Observations and comments on previous recommendations of the Advisory Committee on Administrative and Budgetary Questions

31. There are no outstanding responses to the observations and recommendations of the Advisory Committee in its previous reports.

## XII. Actions to be taken by the General Assembly at its fiftieth session

32. The actions to be taken by the General Assembly at its fiftieth session in connection with the financing of UNAMIR are the following:

(a) The appropriation and assessment of the amount of $19,745,000 gross ($19,462,700 net) for the withdrawal of UNAMIR for the period from 9 March to 19 April 1996, inclusive of the commitment authority of $4,735,000 granted by the Advisory Committee on Administrative and Budgetary Questions in accordance with the terms of General Assembly resolution 49/233 A;

(b) The appropriation and assessment of the amount of $4,582,300 gross ($4,102,000 net) for the administrative closing down of the Mission for the period from 20 April to 30 September 1996 and thereafter;

(c) A decision to extend the financial period from 10 June to 8 December 1995, for which the amount of $99,628,200 gross ($97,508,000 net) has been previously assessed in accordance with General Assembly resolution 49/20 B, to include the period ending on 31 December 1995;

(d) The approval of requirements for the maintenance of the Mission for the period from 10 June to 31 December 1995 in the revised amount of $96,685,400 gross ($94,880,600 net);

(e) A decision to credit Member States the amount of $2,942,800 gross ($2,627,400 net), representing the balance of the amount of $99,628,200 gross ($97,508,000 net) assessed for the period from 10 June to 8 December 1995 from the appropriation of $109,951,900 gross ($107,584,300 net) authorized for the period from 10 June to 31 December 1995 in accordance with General Assembly resolution 49/20 B;

(f) A decision to credit Member States the unencumbered balance of $20,675,100 gross ($20,241,800 net) with respect to the period from 10 December 1994 to 9 June 1995;

(g) A decision that the special arrangements as regards article IV of the Financial Regulations, as detailed in section V.E of the present report, should be applied to UNAMIR.

# Annex II
# Cost estimates for the period from 9 March to 19 April 1996

*Supplementary information*

## I. Cost parameters

1. The cost estimates for the period from 9 March to 19 April 1996 were calculated, where applicable, on the basis of the cost parameters indicated below.

### A. Mission subsistence allowance

2. Provision is made for the payment of mission subsistence allowance to military observers and international civilian staff at the following rates (in effect since 1 November 1994):

   (a) $108 for the first 30 days;

   (b) $97 after 30 days;

   (c) $70 after 30 days with accommodation provided;

   (d) $40 after 30 days with accommodation and meals provided.

   The above rates are subject to supplements of 10 and 25 per cent for civilian staff at the D-1/D-2 and ASG/USG levels, respectively. UNAMIR staff assigned to Nairobi are paid in local currency at the rate of Kenyan shillings 170,000 per month, with effect from 1 July 1994. The cost estimate is based on the assumption that 15 military observers and 50 international civilian staff deployed in Rwanda will be provided with accommodation and that all staff receive mission subsistence allowance at the "after 30 days" rate.

### B. Meal and accommodation allowance for staff officers

3. Provision is made for payment of meal and accommodation allowance to staff officers as follows:

   (a) For accommodation, reimbursement is based on the actual expenses incurred up to a maximum of $45 per day for the first 30 days and $30 per day thereafter, subject to the presentation of receipts;

   (b) For meal allowance, reimbursement is based on $40 per day for the first 30 days and $30 per day thereafter.

   The cost estimate is based on the assumption that all staff officers will be provided with accommodation; provision is therefore made for meal allowance only at the "after 30 days" rate.

### C. Travel costs

4. Travel costs for the military and civilian personnel have been calculated on the basis of the following travel rates:

   (a) By group travel arrangements, for repatriation of military contingent personnel, at a rate of $630 per person;

(b) By commercial arrangements, at a rate of $1,325 per person one way for military observers, and $2,900 per person one way for international civilian personnel, inclusive of the entitlement for excess unaccompanied baggage.

## D. Standard troop cost reimbursement

5. Reimbursement to Governments is based on the standard rates set by the General Assembly in its resolution 45/258 of 3 May 1991 at $988 per person per month for basic pay, all ranks; $291 per person per month for a limited number of specialists; and $70 per person per month for usage factor in respect of personal clothing, gear and equipment, including $5 per person per month for personal weaponry and ammunition.

## E. Civilian personnel costs

6. Salaries and common staff costs of international staff are net of staff assessment and are based on New York standard costs except for staff appointed for the mission. Salaries of local staff are based on the local salary scale established for Kigali and Nairobi.

The estimated inventory value of the Mission's assets as at 19 October 1995 was approximately $62.5 million. The proposed disposal of the Mission's assets is consistent with the guiding principles endorsed by the General Assembly in its resolution 49/233 A of 23 December 1994, taking into account the unique circumstances and recent history of Rwanda.

The action to be taken by the General Assembly, as set out in paragraph 11, includes taking note of the preliminary report on the disposition of the Mission's assets and approval of the donation of non-lethal equipment to the Government of Rwanda.

# I. Introduction

1. The Security Council in its resolution 1029 (1995) of 12 December 1995 adjusted the mandate of the United Nations Assistance Mission for Rwanda (UNAMIR) and extended the Mission for a final period until 8 March 1996. By that resolution, the Security Council also requested the Secretary-General to initiate planning for the complete withdrawal of UNAMIR within a period of six weeks after the expiry of its mandate and to examine, in the context of existing United Nations regulations, the feasibility of transferring the Mission's non-lethal equipment, as elements of UNAMIR withdrew, for use in Rwanda.

2. In a letter dated 13 February 1996 from the President of the Security Council (S/1996/103), the members of the Security Council urged the Secretary-General, in the light of the unique circumstances and recent history of Rwanda, to employ flexibility, while staying within the bounds of the regulations established by the General Assembly, in resolving the question of the disposition of UNAMIR equipment.

3. The disposition of the assets of peace-keeping operations is guided by the proposals of the Secretary-General contained in his report of 25 May 1994 (A/48/945 and Corr.1, para. 110) and the recommendations of the Advisory Committee on Administrative and Budgetary Questions contained in its report of 18 November 1994 (A/49/664, para. 116), which were endorsed by the General Assembly in section VII of its resolution 49/233 A of 23 December 1994. The guiding principles are as follows:

   (a) Equipment in good condition that conforms to established standardization or is considered compatible with existing equipment will be redeployed to other United Nations operations elsewhere in the world or will be placed in reserve to form the start-up kits for use by future missions;

   (b) Equipment not required by other peace-keeping missions but which may be useful for operations of other United Nations agencies, international organizations or non-governmental organizations and which it is not feasible to keep in reserve will be sold to relevant agencies or organizations;

   (c) Any equipment or property not required or which it is not feasible to dispose of in the above manner or which is in poor condition will be subject to commercial disposal within the country, following standard United Nations regulations and procedures;

   (d) Any surplus mission assets remaining after disposition under the terms of paragraphs (a) to (c) above, and/or any assets which have already been installed in the country and which, if dismantled, would in fact set back the rehabilitation process of the country, will be contributed to the duly recognized Government of the respective country. This refers in particular to airfield installations and equipment, bridges and mine-clearing equipment.

4. The Advisory Committee, after reviewing the proposals of the Secretary-General, recommended in respect of paragraph 3 (d) above that the following be taken into account: (a) all efforts should be made to obtain from the Government its agreement to compensate the United Nations in a mutually acceptable form (contributions, services, tax exemption, etc.) for the residual value of any surplus mission assets installed in the country which could not be otherwise disposed of; and (b) the General Assembly should, as a matter of principle, be requested to approve any such disposition of mission assets which would provide for free-of-charge contribution to the Government.

# II. Political mandate

5. In its resolution 1050 (1996) of 8 March 1996, the Security Council, *inter alia*, stressed its concern that the United Nations should continue to play an active role in assisting the Government of Rwanda in promoting the return of refugees, in consolidating a climate of confidence and stability and in promoting the rehabilitation and reconstruction of Rwanda. The Council also encouraged the Secretary-General, in agreement with the Government of Rwanda, to maintain in Rwanda a United Nations office, to be headed by his Special Representative and to include the present United Nations communications system and radio station, for the purpose of supporting the efforts of the Government of Rwanda to promote national

reconciliation, strengthen the judicial system, facilitate the return of refugees and rehabilitate the country's infrastructure, and of coordinating the United Nations efforts to that end.

## III. Preliminary report on the disposition of the assets of the United Nations Assistance Mission for Rwanda

6. On the basis of the original value of all assets held by UNAMIR, excluding transportation and installation costs, as at 19 October 1995 the total value of assets was estimated at approximately $62.5 million. These assets have been classified into four groups as indicated in the annex to the present report, according to the principles set out in paragraph 3 above and taking into consideration the cost-effectiveness of their removal from the mission area. In addition, the assets have been placed into nine general categories covering accommodation, air transport, communications, mine clearing, electronic data-processing, office, vehicular and other equipment, and generators. The proposed distribution of the assets is provisional and is subject to change.

7. Group I comprises 65.6 per cent of all assets and has an inventory value of approximately $41 million. These assets have been earmarked for transfer, at no cost, to other peace-keeping operations (UNAVEM, UNCRO, UNIFIL, UNIKOM, UNMIH, UNOMIL), to United Nations offices (United Nations headquarters, MINUGUA, International Tribunal for Rwanda, United Nations offices in Burundi and Rwanda, International Commission of Inquiry in Burundi), or to the United Nations logistics base at Brindisi for temporary storage and future use. Included in this group are the communications equipment and radio station referred to in Security Council resolution 1050 (1996), which are to remain in Rwanda in United Nations custody. Assets from this group, valued at $19.8 million, have already been transferred to other operations.

8. Group II consists of assets with an inventory value of approximately $6.2 million and represents 10 per cent of the total value of UNAMIR assets. These assets have been earmarked for transfer, at cost, to the extrabudgetary programmes undertaken by the United Nations offices/programmes and agencies operating in Rwanda (UNEP, UNESCO, UNDP, UNHCR, human rights field operations in Rwanda and Burundi, Emergency Response and Humanitarian Assistance Unit). Assets of this group with an inventory value of $1.8 million have already been transferred.

9. Group III comprises non-lethal assets valued at approximately 9.2 million (14.7 per cent of UNAMIR total asset value) which are earmarked for donation to the Government of Rwanda.

10. Group IV assets with no remaining useful life, valued at approximately $6.1 million, will be made available to the Government of Rwanda. This group includes assets that have been written off as a result of accidents and damage caused by natural elements and acts of war, abandonment due to the past security situation in Rwanda and loss owing to theft.

## IV. Action to be taken by the General Assembly at its fiftieth session

11. The action to be taken by the General Assembly at its fiftieth session in connection with the financing of UNAMIR is as follows:

(a) To take note of the preliminary report on the disposition of the assets of the United Nations Assistance Mission for Rwanda;

(b) To approve the donation of non-lethal equipment to the Government of Rwanda.
